Presences: Images and objects from our journeys of awakening

A workshop for Members, facilitated by JACO Member and artist Jeanne Figueira Grossetti
Saturday, October 15, 2011 or Saturday, October 29, 2011
10am – Noon at the Jung Association Gallery

What are the Presences… the Images that appear to us in our dreams, in moments of reverie, in works of art, in unexpected encounters? In this two-hour workshop, we will cultivate an environment hospitable to these Presences as we work with a variety of materials to create images and objects from our journeys. Some materials will be provided, including a small (4”x4”) wood panel that can be transformed in a number of ways, and an eclectic assortment of art materials, hardware, and ephemera; participants are encouraged to bring small personal items such as photos, fabrics, and two- or three-dimensional mementos. The workshop will end with an opportunity for discussion and sharing, and will be followed by a reception.

A $5 materials fee (per workshop) is due upon registration, and a donation of $15 (per workshop) is encouraged. To register, call JACO 614.291.8050 or eMail JungACO@JungCentralOhio.org .
Limit of 10 participants per session.
