Book Discussion - *Imaginal Figures and The Mythmaker*, by Dr. Mary Harrell

Facilitated by
Kathy Cleveland Bull
Saturday March 7
and March 14, 2020
from 10 am to 11:30 am

*In soft whispers and quiet evocations
we are called by soul to seek the depth of a thing,
to wonder what else, or who else is present
in the cavernous mystery of lived experience.*

- Mary Harrell

Our unconscious offers insight and wisdom made available through guides like dreams, symbols and figures that may appear subtly in ways that affect us deeply. Harrell's work explains how we can interact with and learn from these manifestations of the psyche. Through facilitated dialogue, we will explore concepts from Dr. Harrell's books and share our own understandings and experiences in a safe and supportive circle.

You do not have to have attended the first session to participate in the second and although reading the book in advance is desirable, it is not a condition of attendance.

Mary Harrell is a Jungian-oriented psychotherapist and licensed psychologist, who is professor emerita at SUNY Oswego.

Kathy Cleveland Bull serves on the board of the Jung Association of Central Ohio and is much in demand as a presenter of Jungian programs. She is respected among her peers as one of the finest motivational speakers and consultants in the professional field. Her company, N~Compass Consulting, guides clients as they "Navigate the Art and Science of Change." One of Kathy's most notable appearances was with Dr. Phil McGraw and Deepak Chopra at "The Power Within" Live Event, held in cities across Canada and the United States. A Phi Beta Kappa psychology graduate of Bowling Green State University, Kathy has two BGSU Master's degrees, one in student personnel and another in guidance and counseling.
